**IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES**

## **WARNING - Seizures**

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.

**Convulsions**

**Altered vision**

**Eye or muscle twitching**

**Disorientation**

To reduce the likelihood of a seizure when playing video games:

2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

## **⚠ WARNING - Repetitive Motion Injuries and Eyestrain**

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

## The Legend of the Picori

Long, long ago, evil spirits descended on the land of Hyrule. Just when it seemed that the world was to be cast into the darkest of shadows, the tiny Picori appeared from the skies and bestowed on a courageous human a shining golden light and a single sword. This bravest of men used his wisdom and courage, his golden light, and his sword to fight off the demons and restore peace to the world. The people were so grateful for the Picori's help that they held an annual celebration in their honor. The tradition of the Picori Festival continued, but over the generations, the Picori themselves passed into legend.

The legend of the Picori tells of a mystic doorway that opens just once every hundred years. When the door is open, the Picori can cross from their world into Hyrule. This year is that year in one hundred, and the festival is unusually grand. Hyrule Castle is hosting a tournament of sword-fighting skill, recalling the great battles of legend. This year's champion is a man by the name of Vaati. He has won the tournament with an almost magical ease, and all of Hyrule is abuzz with rumors about this shadowy figure. "Who is this Vaati?" they ask. "What has brought him to Hyrule?"

# The Characters

## LINK

The hero of the story! Hearing that he's heading to the Picori Festival with Princess Zelda, his grandfather sends him on an errand: to deliver to Hyrule Castle the sword that will be presented to the champion of the tournament.

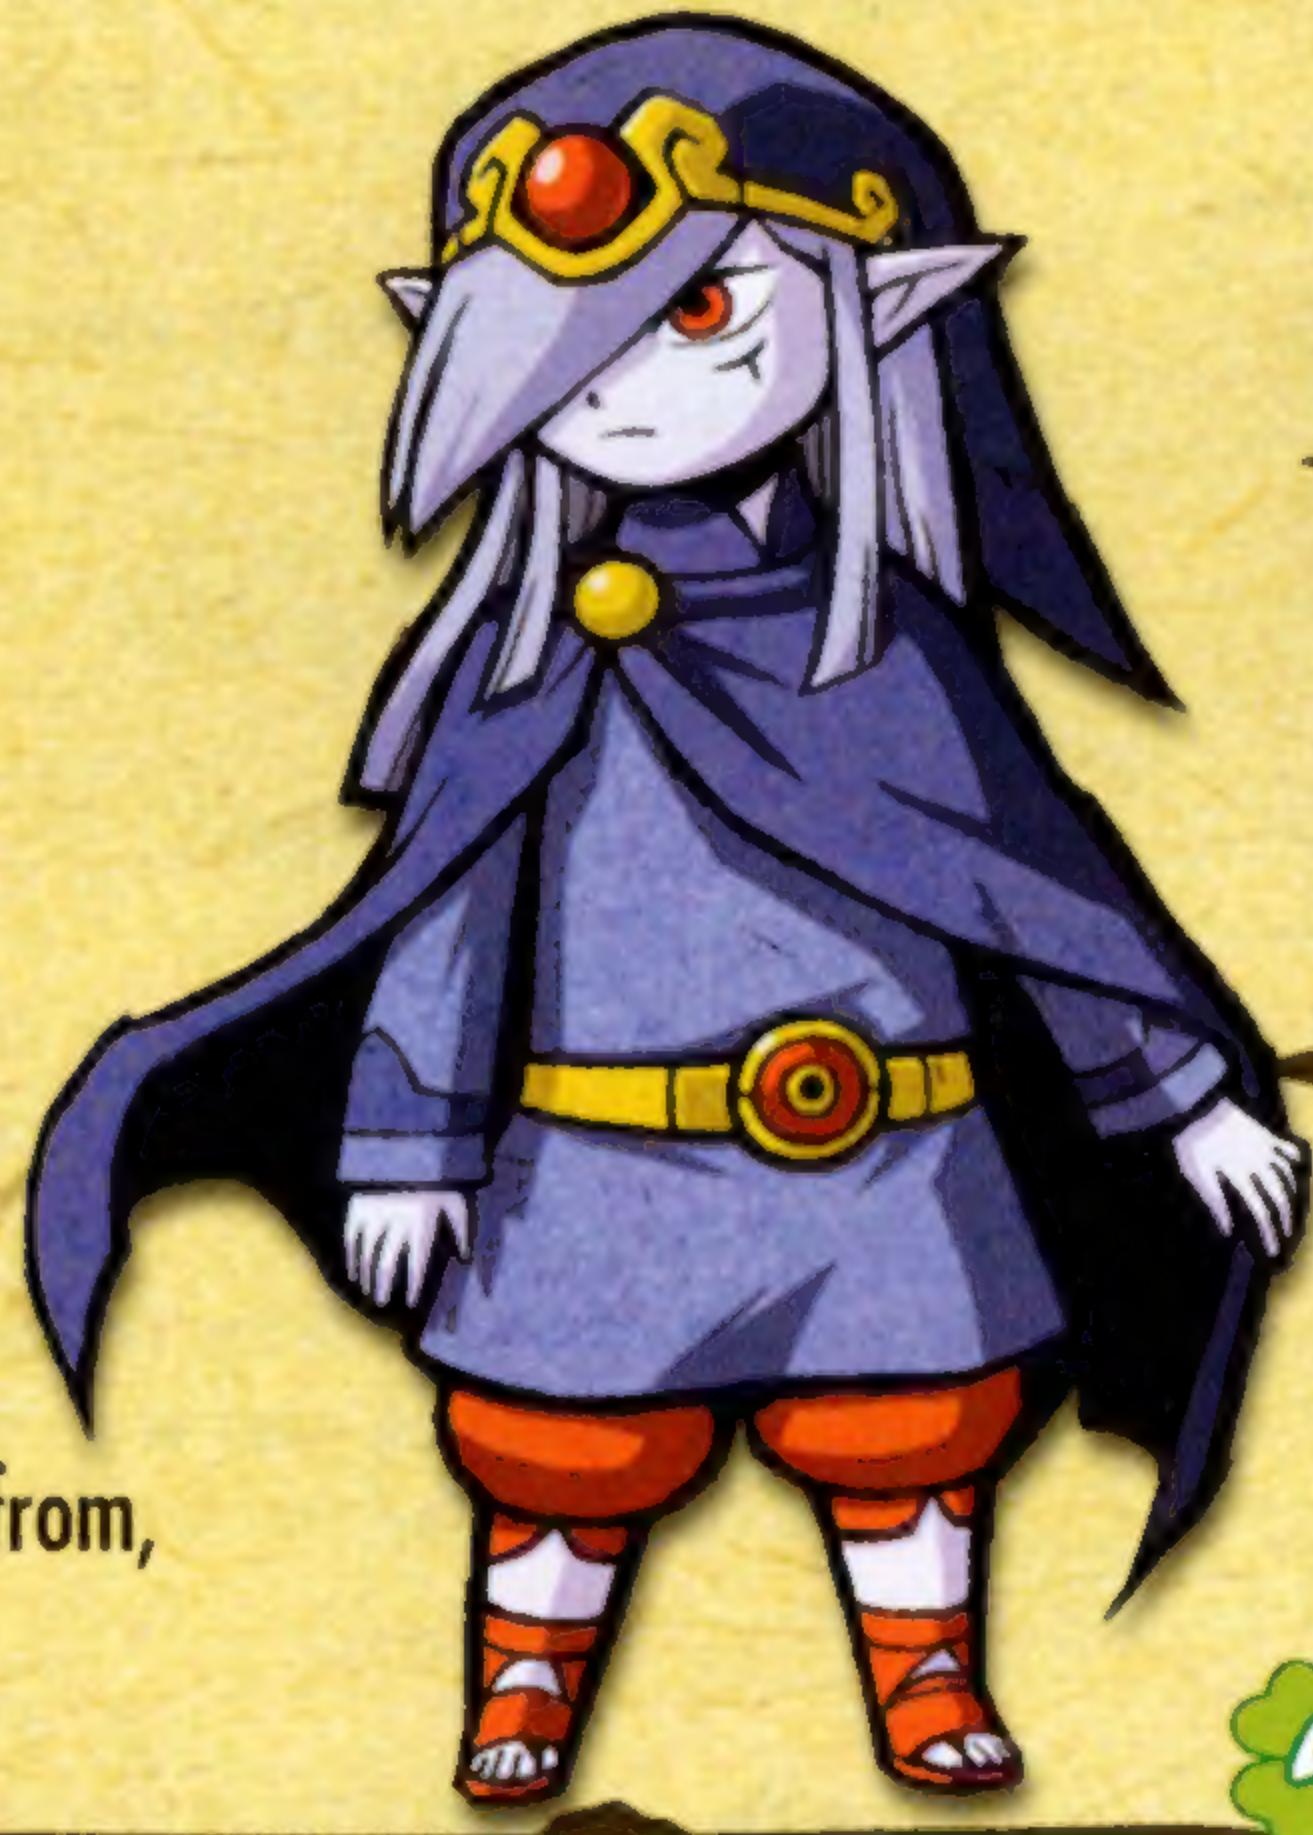

## EZLO

## PRINCESS ZELDA

The princess of Hyrule and a longtime friend of Link. She stops in at Link's house, asking if he can join her at the annual Picori Festival.

## VAATI

The champion of this year's sword-fighting tournament. Nobody knows where he came from, and nobody knows who he is.

# Kinstone Pieces and Fusion

## Kinstone Pieces

As you travel through Hyrule, you will find many Kinstone pieces—mysterious items said to bring happiness. Two Kinstone pieces can sometimes be fused together to make a single, complete Kinstone. This is called Kinstone Fusion. People say that, by fusing Kinstone pieces together, strange and wonderful things can happen.

## Where Will I Find Kinstone Pieces?

Kinstone Pieces are scattered all over the world. There are lots of different ways to get your hands on them:

- Cutting up grass
- Receiving them from other people
- Finding them in treasure chests

## Try Your Hand at Kinstone Fusion

When you see a thought bubble over someone (or something!), you can try to fuse Kinstones with them. Press the L Button to go to the Kinstone Fusion screen.

## What Actually Happens When I Fuse Kinstones?

If you succeed in fusing Kinstones, something is sure to happen, but exactly what is not always clear. Check your map for a clue about where something might have happened.

Somewhere, a beanstalk grew!

Find it on your map.

Where does it lead?

You're walking on clouds!

### Swiftblade's Tips

It's not just people who can fuse Kinstone! Check carefully everywhere you go!

# Dungeons

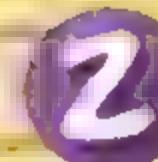

## Dungeons and Dungeon Maps

### 1 Floor Map

The layout of the floor of the dungeon you're on. Until you find the Dungeon Map, only the rooms you've entered will appear on this screen.

### 3 Dungeon Items

The dungeon-specific items you've found. When you find the Dungeon Map, Compass, and Big Key, they'll appear here.

## Dungeon Items

### • Dungeon Map •

When you find this item, you will be able to see all the rooms on every floor of the dungeon.

Rooms you've visited will be lighter than rooms you haven't visited yet.

### • • • Compass • • •

When you find the Compass, you will be able to see the location of treasure chests and the dungeon boss on the Floor Map.

### • • Small Key • •

You'll need small keys to open locked doors in the dungeons. They disappear as you use them.

### • • Big Key • •

The door that leads to the dungeon boss's room can only be opened with the Big Key.

### Swiftblade's Tips

The dungeons become more difficult as the adventure goes on. Consult your Dungeon Map when you get stuck. It's only common sense!

# Figurines

Somewhere in the town of Hyrule, you will find Carlov, making his collectible figurines. You can win these beautiful trinkets by playing in Carlov's lottery. Can you collect all of them?

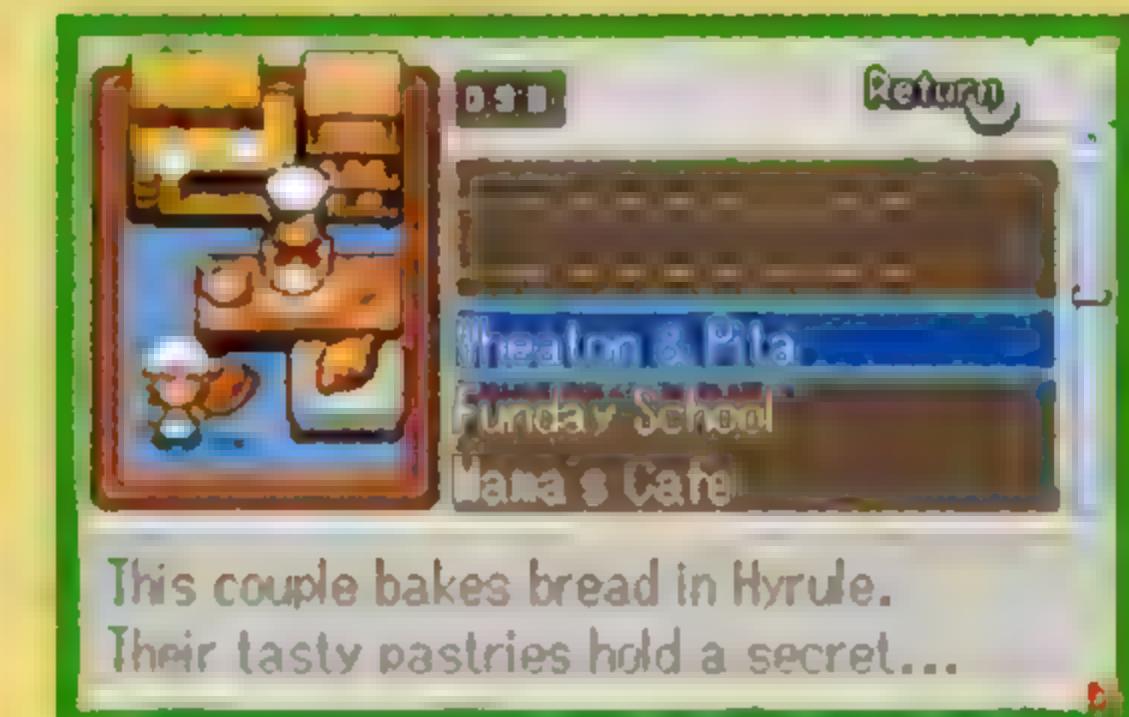

## Mysterious Shells

To play the Carlov's lottery, you will need Mysterious Shells. You need only one Mysterious Shell to play the lottery, but as you get more figurines, your chances of getting new ones increase if you use more Mysterious Shells. You can see how many Mysterious Shells you have on the Quest Status (→ P12) subscreen.

## Your Figurine Collection

The figurines you've collected will be put on display in the figurine cabinet in Carlov's shop. Stand in front of the cabinet and press the R Button to view your collection.

# Sword Techniques
